OLD BUISNESS

A. SR54034

1. Speaker Douglass calls for a motion to discuss agenda item A. A resolution to confirm a Supreme Court justice.
2. So moved.
3. Seconded.
4. Tyler Murray is recognized and invited to the stand.
5. Tyler Murray states,
 - a. “Good afternoon members of the senate, my name is Tyler Murray. I am a sophomore student here at NIU, I am pre-law majoring in Communications, and I am a non-traditional student. I transferred here last fall from Monroe Community College in Rochester, New York and have had my fair share of adversities trying to become acclimated to my new life away from everything that I am familiar with. Although it has been tough, I have utilized every opportunity to get involved on this campus, last semester, I wrote for the Northern Star as a sports reporter covering the football team as well as writing a few other short stories and articles. I am also the Public Relations Executive for the lacrosse team, this means I am in charge of planning outreach events as well as running all social media platforms and recruiting new guys to our club. I am also currently going through the process of joining NIU’s prestigious Mock Trial Team. I learned about the Student Government Association during my time at the Northern Star, I spent time researching the different roles and positions knowing I would like to get involved with this Association as well. When I learned about the Supreme Court, I knew that this is what I wanted to do. I am incredibly interested in a career in law after my time here at NIU. I believe that I am the best candidate for this position because of my impartiality as well as my strong belief that every single person deserves the right to a fair trial, I will let the facts of a case make my judgements and will never allow outside factors to guide me in being unjust in a ruling. I would like to join the Supreme Court of the NIU Student Government Association in order to get involved even further here on campus. I would not only like to, but have to do everything in my power to constantly improve DeKalb and

NIU and leave it in a better way than I found it, not all of us have a home to go back to, not all of us can drive 30 minutes and sleep in their own bed, away from whatever negativity may be going on. Some of us are 'stuck,' but we are only stuck if we allow ourselves to be, we are only stuck if we do not continue to make this world our own, and I plan to do just that through the Student Government Association and the Supreme Court.

b.

c. Thank you.”

6. Historian Babcock is recognized.

7. Historian Babcock states

a. Thank you for coming! Other than lacrosse are you involved anywhere else besides the Northern Star

8. Tyler Murray is recognized.

9. Tyler Murray states

a. I am trying to get back into the Northern Star I had to leave due to financial hardships but that is worked out now, so I am hoping to get back to that and I am waiting on my response from the Mock trial, but I plan to join that soon.

10. Historian Babcock is recognized.

11. Historian Babcock states

a. So you have no other involvement.

12. Tyler Murray is recognized.

13. Tyler Murray states

a. I am also involved in the Greek community as well.

14. Historian Babcock is recognized.

15. Historian Babcock states

a. Okay cool, what organization would that be?

16. Tyler Murray is recognized.

17. Tyler Murray states

a. Sigma Nu

18. Deputy Speaker Allen is recognized.

19. Deputy Speaker Allen states

- a. Are you aware the members of the Northern Star cannot be members of student government in any way?

20. Tyler Murray is recognized.

21. Tyler Murray states

- a. I was not aware of that, but if that is an issue, I would rather be in the Student Government Association than in the Northern Star.

22. Senator Perez-Hernandez is recognized.

23. Senator Perez-Hernandez states

- a. I just wanted to ask how many credit hours are you taking? In this semester as well as. How does your schedule look for the rest of the semester? And for upcoming semesters as well.

24. Tyler Murray is recognized.

25. Tyler Murray states

- a. Currently I am enrolled in five classes. A couple of them are online eight-week courses. So the time management of those is a little bit easier. Each of my classes is three credit hours which is 15 credit hours in total.
- b. Time management is very important to me, so I always make sure that I have the time to and the ability to. Two important things such as getting my homework done, responsibilities. So yeah.

26. Deputy Speaker Allen is recognized.

27. Deputy Speaker Allen states

- a. The Supreme Court does not meet very often to make changes to campus. How do you feel you would, in serving in that role, make changes that you talked about in your speech?

28. Tyler Murray is recognized.

29. Tyler Murray states

- a. Just doing everything I can in the time that we do meet. I understand that. During my meeting with President. Majid. And chief of Staff Innis, they had to explain that. There is not very much meetings in that role. So I just want to do as much as I can in the short time that I will have. So that I can make those changes.

30. Clerk English is recognized.

31. Clerk English states

- a. What is one example of something you would do in your time?

32. Tyler Murray is recognized.

33. Tyler Murray states

- a. I would definitely like to ensure that the constitutionality organization in every decision organizations are making are constitutionally according to what we stand for and stuff like that and ensuring that everyone is abiding by the Student Government Association Constitution.

34. Tyler Murray steps down

35. Speaker Douglass asks if there is any discussion or debate.

36. Historian Babcock is recognized.

37. Historian Babcock states

- a. Genuinely, this candidate does seem like a good fit for the Supreme Court. However, I am very concerned that if this candidate. Does get appointed to this position? That would make three out of four members of the Supreme Court of the same organization. This is nothing against that specific organization. I have nothing against any organization, but I would like to bring that to a point because that is concerning.

38. Senator Althoff is recognized.

39. Senator Althoff states

- a. There is only two, so he would be the second one from that organization.

40. Historian Babcock is recognized.

41. Historian Babcock states

- a. That is still a majority, so it is still concerning.

42. Deputy Speaker Allen is recognized.

43. Deputy Speaker Allen states

- a. I honestly like a lot of the points that this candidate was making. I think that they would serve better in a different role in student government. I think the Supreme Court is a good Place for people who know what changes they want to make. But a lot of what the candidate talked about was changes we make on

our level, and those things are things that the Supreme Court would never see these issues.

44. Clerk English is recognized.

45. Clerk English states

- a. To that point, one of their stated plans was ensuring constitutionality of organizations. That is what OO [Organizational Oversight Committee] does. So if that is something that they are interested in, I would suggest being a senator, and joining OO [Organizational Oversight Committee], because that is what OO [Organizational Oversight Committee] does. And those issues only reach the Supreme Court when there's drastic issue, not all the time. I like the ideas you are bringing, but I do not know if the Supreme Court is the best place for you to make those changes.

46. Senator O'Brien is recognized.

47. Senator O'Brien states

- a. I hear what you are saying.
- b. To his point, he is interested in law, he is going for free law, so that is why he is going for this position. So that is just something to consider.

48. Deputy Speaker Allen is recognized.

49. Deputy Speaker Allen states

- a. I am also prelaw I feel like this serves as a better resume builder. Being involved in student government is great if you are worried about slowing his development in prelaw or his stunting his ability to grow in that direction. I think being one year in that organization and then moving on to make those changes might be a better fit. But also, I am not saying that this candidate will come back, obviously. That is up to him.

50. Chairperson Ramos is recognized.

51. Chairperson Ramos states

- a. I agree the candidate might be better suited to start elsewhere in SGA, maybe senate How's the weather focused on making pain and the Supreme Court would not let them do that.

- b. Another concern involvement as it was omitted and needed multiple questions to reveal it. That is a little iffy to me and I would have preferred it to have it be included, so it was not kind of. A bit of a concern to me.

52. Senator O'Brien is recognized.

53. Senator O'Brien states

- a. I understand that concern it was dragged out to your point.
- b. He did state he would be unbiased.

54. Historian Babcock is recognized.

55. Historian Babcock states

- a. I do think he would be unbiased.
- b. It is more a function of the Supreme Court if there are a majority of Members on the Supreme Court of the same organization. What if an organization came up to the Supreme Court or a similar organization came up to the Supreme Court? What would happen then?
- c. To Chairperson Ramos's point he was not upfront about his involvement

56. Chairperson Ramos is recognized.

57. Chairperson Ramos states

- a. If member of organization come up to supreme court would members have to excuse themselves or are they still expected to function in that capacity

58. Speaker Douglass states

- a. I would have to check the Supreme Court Code of Procedure, but to be honest that document is a bit of a skeleton and except for that change that I made earlier this session, there is not a whole bunch on it.

59. Chairperson Olson is recognized.

60. Chairperson Olson states

- a. How many Supreme Court justices are there? Currently.

61. Speaker Douglass states

- a. We have three of them, one graduated. And then we recently reappointed one.

62. Chairperson Olson is recognized.

63. Chairperson Olson states

- a. And a full board would be five, correct?

64. Speaker Douglass states

- a. Yes, three is quorum, so they can function, they can meet, but five would be the full board.

65. Chairperson Olson is recognized.

66. Chairperson Olson states

- a. Personally, I think it is better to have more people on the Supreme Court when cases come up. I think it is better to have more than less. I do not know when the last time was when someone ran for Supreme Court Justice, but that is just my opinion.

67. Deputy Speaker Allen is recognized.

68. Deputy Speaker Allen states

- a. Honestly disagree with that opinion. I feel that we need to be more selective in our Supreme Court appointments. As we made one out of sheer necessity so that we could have a Supreme Court before the elections. As they currently make quorum, we do not need to rush into finding more Supreme Court justices.
- b. I know there is the risk of someone leaving or someone graduating from the Supreme Court, but I do not think that is something we need to worry about because we did not have a Supreme Court for many years.
- c. Hi, honestly think that a bit of experience in the legislative branch might be good for this Specific candidate, just on a lot of what they said. And the opinions of everyone else.
- d. We do have the chance to be a lot more Opinionated here and selective in our approach to whether or not to confirm the candidate to the Supreme Court.

69. Chairperson Ramos is recognized.

70. Chairperson Ramos states

- a. I was going to say exactly that. I think we can be selective, and I do think we should be selective, especially because this position that they take with them into the future, the entire college experience.
- b. So when we put somebody in this position, we need to be sure. And we need to be selective.

71. Senator Musgraves is recognized.

72. Senator Musgraves states

- a. I agree this is not a position we should jump into with any candidate that is presented at the Senate. Oh, he was giving his speech and really did not hear his goals that he had for the Supreme Court position. Besides the constitutionality of organizations.
- b. And that that is not really a goal for the Supreme Court. And he did not really mention that until one of us asked. So he was kind of holding that out as well.
- c. So kind of iffy about this candidate. And I do not really see what we are rushing for, for the Supreme Court. He does have many other good abilities just not for Supreme Court.

73. Senator O'Brien is recognized.

74. Senator O'Brien states

- a. Do we know the current standing of the current supreme justices on whether or not they are graduating this year or not?

75. Speaker Douglass states

- a. I do not know. Actually, that is a good question. We could reach out to Chief Justice Travis to find out.
- b. Also, Clerk English is checking the code of procedures to see what is in there.

76. Senator O'Brien is recognized.

77. Senator O'Brien states

- a. Off of what Senator Musgraves and others have said is that he's a young sophomore who have goals of making a change. But Purpose of the Supreme Court is to uphold the Constitution, so it is kind of hard to have goals that is not the sole purpose of constitutionality. With that being the sole goal of the Supreme Court justices.

78. Deputy Speaker Allen is recognized.

79. Deputy Speaker Allen states

- a. That is why I am so hesitant, because he spoke to a lot of the change, he wants to make the university, especially about students who do not have a place to go back to. He had a lot of very specific goals and details for himself set to

accomplish, and a Supreme Court position is not the best place to. Work towards these goals.

- b. The Senate and Supreme Court justices are not supposed to interact specifically, so we do not become friends and cannot influence one another.

80. Chairperson Ramos is recognized.

81. Chairperson Ramos states

- a. That is also why I am concerned because he had a lot of goals of how to change campus and as you said, the Supreme Court Justice is to uphold current rules. So I want to make sure that he is able to achieve what he wants.

82. Historian Babcock is recognized.

83. Historian Babcock states

- a. This candidate would not have the opportunity to join this session, we do have the next session and I am sure the members of this session would help them into a senate position.

84. Clerk English is recognized.

85. Clerk English states

- a. A5. S3.B “No member of the court system who is personally involved in a particular case shall sit in judgement on that case. The quorum for the Court shall be the Chief Justice and two (2) Associate Justices.”
- b. What that would mean for this case is that if that organization went to the supreme court, they would not be able to meet quorum.

86. Historian Babcock is recognized.

87. Historian Babcock states

- a. That point proves Chairperson Ramos’s point that we need to be more selective and adding another person from the same organization does not help.

88. Chairperson Ramos is recognized.

89. Chairperson Ramos states

- a. We should consider that the supreme court should be representative of the student body and having two on same organization is not representative.

90. Senator O’Brien is recognized.

91. Senator O’Brien states

- a. On Historian Babcock 's point I almost disagree I think that the point that he would have to abstain shows it would be unbiased
- b. How often does that kind of case come up? And even if it does, there are procedures in place to prevent bias?

92. Senator Musgraves is recognized.

93. Senator Musgraves states

- a. Regardless of that having two of the same organization is not representative.
- b. There are five positions for the Supreme Court. We do not know how many more Sig Nu members might apply to be Justices.
- c. Great candidate but having more members of the same organization is iffy on my end.

94. Clerk English is recognized.

95. Clerk English states

- a. To your point, Senator O'Brien even if they removed themselves from the vote. The supreme court would not be able to go to a session because they would not meet quorum. So as it stands on top of everything else. It wouldn't work. There would not be a session when there needed to be one.

96. Deputy Speaker Allen is recognized.

97. Deputy Speaker Allen states

- a. What I was going to say it not against the Greek organization it is that they would not be able to meet

98. Historian Babcock is recognized.

99. Historian Babcock states

- a. Ditto

100. Senator Althoff is recognized.

101. Senator Althoff states

- a. Clerk English If anything did occur to those student organizations, they wouldn't meet quorum anyway, so this doesn't make a difference.
- b. So with a candidate who has a 3.6 GPA [Grade Point Average] he was a substitute teacher he is involved in outside organizations
- c. Should not tell him he should be a senator we do not decide that for him.

- d. Our candidate said they would be unbiased.
- 102. Clerk English is recognized.
- 103. Clerk English states
 - a. Even if they could not meet now does not mean we should not put into a system where they could not meet in the future. That is my argument against the candidate in this case.
 - b. It should not be. Oh, they cannot meet anyway now. Why should it matter to the future? It should be. They would not be able to meet now. Let us not make it something where they could not meet in the future as well.
- 104. Senator Martin is recognized.
- 105. Senator Martin states
 - a. I agree with Senator Althoff we cannot have multiple people of same organization it will not affect student body since it would.
- 106. Senator Perez-Hernandez is recognized.
- 107. Senator Perez-Hernandez states
 - a. Amazing candidate
 - b. If I were a regular student, I would rather the Supreme Court be more inclusive and diversified so that there would not be abstaining from votes.
 - c. I would rather pass more smoothly than not because they cannot vote.
- 108. Historian Babcock is recognized.
- 109. Historian Babcock states
 - a. This vote is not a formality, this does decide if they are appointed.
 - b. This candidate is really good but does not match what we need.
- 110. Chairperson Ramos is recognized.
- 111. Chairperson Ramos states
 - a. I was going to say it is our job to ask questions to decide for him.
 - b. It is our job to ask those hypothetical questions.
 - c. Representation in the Supreme Court should be representative and should be considered when appointing.
- 112. Chairperson Rogers is recognized.
- 113. Chairperson Rogers states

- a. Great speech it is not going to run its lazy to say it is not going to run so let us just put him up anyway.
- 114. Chairperson Olson is recognized.
- 115. Chairperson Olson states
 - a. Special election for other positions
 - b. He is a great candidate, but I understand the concerns.
- 116. Sergeant at Arms Corpuz is recognized.
- 117. Sergeant at Arms Corpuz states
 - a. Point of Order: Please keep side conversation down as we are in a main motion.
- 118. Kolawole Calls to question.
- 119. This fails.
- 120. Clerk English is recognized.
- 121. Clerk English states
 - a. Senator Althoff on your point about them claiming that they will be unbiased, and I believe they will not be concisely biased. However, the reason that those rules are written into the Constitution is because of unconscious bias.
 - b. And this will possibly rear its head because the reason people join organizations are for similar reasons, so they will have similar thought patterns meaning. They might have some unconscious bias and having two people on the sun or hurts the representation of the Supreme Court. To the student body.
 - c. I do not think the candidate would ever intentionally be biased against something because of his. Organization status. However, unconscious bias does exist and does affect people's voting habits.
- 122. Senator O'Brien is recognized.
- 123. Senator O'Brien states
 - a. This candidate is great.
 - b. You guys are against organization, but he did say he is a nontraditional student.
 - c. Sig Nu brings in lots of people.

- d. Basically if he were not in that organization that would be wrong.
- 124. Chairperson Ramos is recognized.
- 125. Chairperson Ramos states
 - a. Nontraditional student concerns me that he has not been on campus long enough to know issues affecting students.
 - b. Not saying he could not do the job but there might be better candidates.
- 126. Senator Martin is recognized.
- 127. Senator Martin states
 - a. Senator O'Brien we are not saying specific organization it is the two of the same organization.
 - b. The Supreme Court should represent the student body.
 - c. We could leave it open for people in other organizations.
- 128. Deputy Speaker Allen is recognized.
- 129. Deputy Speaker Allen states
 - a. How many have the Supreme Court met?
- 130. Speaker Douglass states
 - a. Probably less than 5 times
- 131. Deputy Speaker Allen is recognized.
- 132. Deputy Speaker Allen states
 - a. I want to restate it is not the organization.
 - b. I am factoring in the fact that they are nontraditional.
 - c. They lacked information about not being in northern star vs justice its ok not to know but they should know what positions prevent them from doing.
 - d. If they want to make the changes, they said Supreme Court is not the place to do that.
- 133. Senator Althoff is recognized.
- 134. Senator Althoff states
 - a. Chairperson Ramos did you say that is a nontraditional student so that it would be difficult to speak on student body.
- 135. Chairperson Ramos is recognized.
- 136. Chairperson Ramos states

- a. No his lack of experience means he has not had a contact making it hard to advocate for the student body.
- 137. Senator Althoff is recognized.
- 138. Senator Althoff states
 - a. This is a reason for justice since he just has to follow the constitution not communicate with students.
- 139. Historian Babcock is recognized.
- 140. Historian Babcock states
 - a. Following what Senator Althoff said we brought up a freshman, so it is not ability.
 - b. I am a nontraditional student. I joined Senate second semester.
 - c. If he wants to get involved, he can.
 - d. Call to question
- 141. This pass
- 142. Speaker Douglass calls for a vote.
- 143. Senator Althoff is recognized.
- 144. Senator Althoff states
 - a. If Senator Martin missed speech, do they have to abstain?
- 145. Speaker Douglass states
 - a. They do not have to, but they should take that into consideration.
- 146. Chairperson Jovanovich is recognized.
- 147. Chairperson Jovanovich states
 - a. I missed speech so I abstained.
- 148. Kolawole is recognized.
- 149. Kolawole states
 - a. There was a time where we did not approve of a senator. I missed his speech, so I had to abstain. I just wanted to make sure whether or not that applied.
- 150. Speaker Douglass states
 - a. No but Senator Martin should take into consideration if they feel they missed. Too much information. They should take that into consideration. They should take that into consideration.

151. Senator Martin is recognized.
152. Senator Martin states
 - a. For one, I already voted. And for two they send you everything can listen and read the room, and you can find out what is going on, as well as you can read their faces and you can read what is going on. From that you can logic it out so. Plus I already voted.
153. Speaker Douglass states
 - a. Missing three
 - b. Missing one

B. SB54030

1. Speaker Douglass calls for a motion to discuss agenda item B. A bill to change the timeline for a special election to occur.
2. So moved.
3. Seconded.
4. Historian Babcock is recognized.
5. Historian Babcock states,
 - a. This piece of legislation changes the timeline of a special election. The timeline of a special election is ridiculously short, and this week has already been tiring enough. This bill will give us more time to figure out what we are doing and to give candidates a little more time to run.
 - b. This is for the benefit of the BOE [Board of Elections] and candidates.
6. Sergeant at Arms Corpuz is recognized.
7. Sergeant at Arms Corpuz states
 - a. I see it is listed on the third Wednesday of April. Does that mean that the election will be at one fixed point in time?
8. Speaker Douglass states
 - a. Current is bound by days of the month the last Tuesday and Wednesday of March so it will be bound by month not date. I guess it would be a fixed date.
9. Deputy Speaker Allen is recognized.

10. Deputy Speaker Allen states

- a. I trust that this has been taken care of by the BOE [Board of Elections] to review the spill.
- b. Call to Question
