  - a. "Good afternoon Senators,
  - b. The past few weeks, I have been working with Campus Activity Board heavily on the upcoming celebrating culture night. We have finalized the date for April 14th from 7-10pm in Altgeld Hall. Celebrating Culture night is an event to celebrate different cultures through performers, dancing, food, and music. I have also been meeting with my committee every Monday. The DEI committee has a few events coming up like Rainbow Rave next Friday March 31st from 8-11pm in the Holmes Student Center Sky room. Also I have worked with TITLE IX some more on bringing awareness to who they are and what they do. Lastly, I have begun to work on my transition materials. I am making it a point to make sure they are extremely detailed so whoever takes the position of Director of DEI next can be as successful as possible. I also plan on leaving details of events and ideas that I had but did not have enough time to accomplish. These next few weeks will be me continuing to work on Celebrating Culture so CAB and SGA can deliver a successful event and finishing up my transition materials.
  - c. Best,
  - d. Director Newman"

## **OLD BUISNESS**

### **A. SB54029**

1. Deputy Speaker Allen calls for a motion to discuss agenda item A. A bill to update the elections policy in the Student Government Bylaws
2. So moved.
3. Seconded.
4. Historian Babcock is recognized.
5. Historian Babcock introduces the bill.
  - a. Updating Elections policy
  - b. Most was just removing things that were not applicable.
6. Clerk English is recognized.
7. Clerk English States
  - a. Why no required physical locations?
8. Historian Babcock is recognized. Historian
9. Historian Babcock States
  - a. The polls make it more difficult for Board of Elections
  - b. It makes campaigning more difficult for candidates
  - c. It is just a hassle and it's just a link.
  - d. It is optional so Board of Elections has the choice to still do one
10. Clerk English is recognized.
11. Clerk English States
  - a. I feel having one permanent location is still more beneficial even with those downsides
  - b. Especially since its all online there would be no physical reminder besides posters to vote.
  - c. If I am the only one who thinks this, I won't make a motion to change the language but I wanted to hear what other senators thought.
12. Senator Perez-Hernandez is recognized.
13. Senator Perez-Hernandez States
  - a. I agree with Clerk English but maybe having it outside of the Holmes Student Center maybe the library
14. Historian Babcock is recognized.
15. Historian Babcock States

- a. Library was not an area touched by Board of Elections candidate cant advertise there to preserve its quality as a study space
- b. Optional is better and I agree that having at least one would be easier then what we have the one we have now.

16. Clerk English is recognized.

17. Clerk English States

- a. I would like to make a motion to change the wording of the bill from part B from “they choose” to “they shall at least one (1)”

18. Historian Babcock is recognized.

19. Historian Babcock States

- a. Before I accept that as a friendly amendment I want to check with Chairperson Olson

20. Chairperson Olson is recognized.

21. Chairperson Olson States

- a. Overall it takes a lot of Man power to operate those tables as it requires us to be there all day. Since no campaigning within 100 ft that requires us to take more action which could delay the results of the election.
- b. I like the wording as it is keeping it optional.

22. Historian Babcock is recognized.

23. Historian Babcock States

- a. I would like to deny that friendly amendment.
- b. I do not think it is necessary.
- c. Its still set as optional so future Board of Elections can have in person polls.

24. Senator Martin is recognized.

25. Senator Martin States

- a. I politely disagree people want to vote in person to show where to vote as the website can be confusing.

26. Deputy Speaker Allen States

- a. Are you saying it is an accessibility argument?

27. Senator Martin is recognized.

28. Senator Martin States

- a. Yes.

29. Clerk English is recognized.

30. Clerk English States

- a. I would like to make an unfriendly amendment to add the wording to section two part A and B from “the Board of Elections may choose to set up voting stations on campus” to “the Board of Elections shall set up at least one (1) voting station on campus. In the oasis space”
- b. The reasons I am saying the OASIS space is because it is already an SGA area. Candidates are not prohibited from telling people to go vote there as long as they don’t say go vote for me there.
- c. 100ft can allow them to campaign as 100ft is not too large.
- d. I would like to make an motion to add the wording to section two part A and B from “the Board of Elections may choose to set up voting stations on campus” to “the Board of Elections shall set up at least one (1) voting station on campus. In the oasis space”

31. Senator Kolawole is recognized.

32. Senator Kolawole States

- a. Not specific since circumstances can change

33. Clerk English is recognized.

34. Clerk English States

- a. I will take that as a friendly amendment to change it to say, “the Board of Elections shall set up at least one (1) polling station on campus.”

35. Deputy Speaker Allen States

- a. I can’t type into this document as this is not my computer.
- b. From my perspective if it is an accessibility thing keeping it in the OASIS is a problem since candidate can’t campaign in the space as most gather in the Holmes Student Center, would the DRC be a better location? Or hosting it in a location where students with disabilities would recognize

36. Historian Babcock is recognized.

37. Historian Babcock States

- a. Not really. I mean voting is available on everyone’s laptop and

- b. As far as I am aware we are still in the motion as no one has seconded it
38. Deputy Speaker Allen States
- a. I know I am trying to give language updates.
39. Senator Martin is recognized.
40. Senator Martin States
- a. My question is where on Huskey Hub because if is not right there students wont want to look for it
41. Historian Babcock is recognized.
42. Historian Babcock States
- a. This little QR code leads them right to voting
43. Deputy Speaker Allen States
- a. Is there a second for the motion Clerk English made?
  - b. Point of order, no side conversations
  - c. Is there a second for the motion Clerk English made?
44. There is no second.
45. Senator O'Brien is recognized.
46. Senator O'Brien States
- a. I agree with Historian Babcock the way we are moving using QR codes for all of our stuff
  - b. Not requiring it makes it easier on Board of Elections
  - c. Overall it is a hassle.
  - d. The online voting process should be fine.
47. Historian Babcock is recognized.
48. Historian Babcock States
- a. Everyone has a QR code in front of them there will also be one on Instagram.
  - b. It will also be on you all to talk about SGA let others know about voting
  - c. I really think the physical polls aren't necessary.
49. Senator Musgraves is recognized.
50. Senator Musgraves States
- a. I agree with everyone.
  - b. But last time the QR code was used it did not work.

- c. So we need to be sure the QR codes work
- d. What about the Campus Life Building?

51. Deputy Speaker Allen States

- a. Are you making a motion to add that language or are you just asking Historian Babcock?

52. Senator Musgraves is recognized.

53. Senator Musgraves States

- a. You guys said we can't have it in the OASIS right?

54. Deputy Speaker Allen States

- a. The members of the Board of Elections said that not having candidates campaign in the Holmes Student Center would be detrimental
- b. The current language does not prevent using the Campus Life Building as a polling location it just doesn't require them to have one.

55. Historian Babcock is recognized.

56. Historian Babcock States

- a. Every Board of Elections is different and next year's Board of Elections could throw everything we've worked on out
- b. If it is so much an issue it can be fixed
- c. I think it will be good.
- d. Campus Life Building is not a high traffic area so putting it there would be less accessible.
- e. We will be checking the QR codes.
- f. The polling stations is literally a laptop with the website pulled up.

57. Clerk English is recognized.

58. Clerk English States

- a. If it's a problem of 100ft is to large to control would 50ft be preferable or is the issue that we would still need people to run it?

59. Historian Babcock is recognized.

60. Historian Babcock States

- a. Most of us are seniors so having people to run it is the main difficulty. The way it is now it is not easy

61. Deputy Speaker Allen States
  - a. This is a large bill so are there any other concerns?
62. Senator Martin is recognized.
63. Senator Martin States
  - a. If QR code goes down push back election
64. Historian Babcock is recognized.
65. Historian Babcock States
  - a. That hasn't happened before, and we were using Huskie link which was worse than Huskie Hub
  - b. We have never had that many people vote at one time.
66. Deputy Speaker Allen States
  - a. Voting finishes after so we can fix.
67. Deputy Speaker Allen asks if there is any discussion or debate.
